

## S P E E D   A N D   V E R S A T I L I T Y

The Kalmar C5 mail-inserting machine is a highly productive machine that requires minimum amount maintenance. The Kalmar C5 handles both administrative mail (billing, personalized letters etc) and direct mail (adverts, books, giveaways, CDs etc) with the greatest degree of accuracy and security.

### NEW FEATURES

- Servo drive for multi-feed from stations and improved high-speed endurance
- Improved HMI-system
- Diagnostic function
- Improved water system
- Document tracking

The Kalmar C5 is a modular system, which enables a single system to process multiple applications. It can be customized to handle a specific task or easily set up for different kinds of jobs depending on customer requirements. It is available in versions ranging from handling 2 inserts to a 16-station tandem machine. The Kalmar C5 handles different quantities of enclosures depending on customer requirements – enabled by optical reading (BCR, OMR, ICR etc). Handles envelopes from size C6 to C5/B5.

A wide range of accessories, stand-alone and channel-modules (see separate product-sheet) are available to make this one of the most versatile inserters on the market!

# KALMAR C5

Kalmar C5 also available with integrated Turn Over.
