

Pro Series - Feeder/Dispenser Model SI-1750

Overview:

The SI-1750 is designed to be a flexible feeding solution for packaging operations pursuing greater productivity through automation. Ideal for use with wrapper, cartoner, L-sealer infeed conveyors, and other types of packaging equipment that require high performance feeding automation.

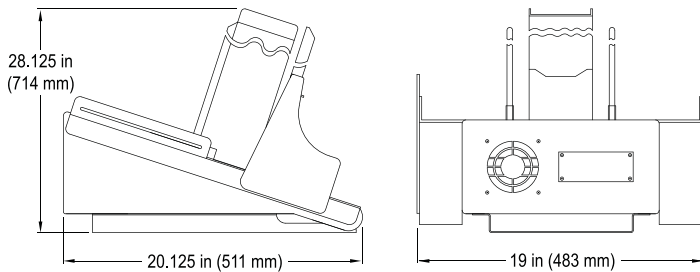

The powerful I-Quipped™ controller features an embedded micro-processor which provides an information management system and host communication.

Applications:

- Wrapper/cartoners infeed conveyors
- Stand-alone batch counting
- Large size product feeding

Features:

- Durable steel construction
- Quality precision parts
- I-Quipped™ microprocessor system management controller
- Real-time job indicators with resettable counter
- Missed product detection
- Passcode protection for system configurations
- Systems I/O interface

Specifications

Maximum Product Size:	18 W x 12 L in (457.2 x 304.8 mm)
Minimum Product Size:	7.875 W x 3 L in (200 x 76.2 mm)
With Small Product Kit:	2 W x 3 L in (50.8 x 76.2 mm)
Min/Max Product Thickness:	.003-.250 in (.0762-6.35 mm)
Belt Speed:	5700 ipm (144,780 mm/min)
Electrical Requirements:	115/230vac, 60Hz, 3A
Weight:	90 lbs. (40.82kg)
Warranty:	One-year limited
