

Specialty Applications Model ST-1250 Vacuum Transport

A sampling of the products that can be fed.

Overview:

Designed for secondary inline operations. It creates an open space on the carriage for adding equipment such as bar code readers, date stamps and more. In addition, the vacuum belt feature can provide improved product stabilization by utilizing a vacuum generator or a vacuum blower.

Applications:

- Bar Codes
- Date Stamps
- Cards
- Labels
- Product Inserts
- Envelopes
- Flat Cartons
