

Cutsheet-Guillotine

Model 6790d

Technical Data:

Number of cycles per hour

Form length: 4"	20000 cph
Form length: 8"	15000 cph
Form length: 12"	12000 cph

These performance figures may vary by $\pm 5\%$ and represent machine cycle performance only (without paper).

Form:	A3,A4,A5
Form height:	min. 3" max.16"
Form width:	min. 190 mm max. 315 mm
Paperweight:	min. 60 g/m ² max. 200 g/m ²

Standard

Input terminal
Automatic stop at end of Paper
Multifunction counter
Length steps 1/6", 1/8",
Self diagnosing center
High speed interface
(Other form processing systems can be connected to high speed interface)

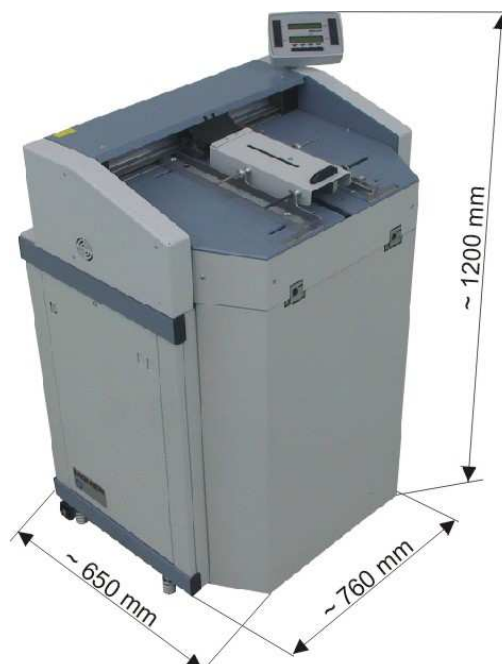

Option

OMR/BCR/OCR reader (programmable)
Remote control
Interface to enveloping machine
Online connection

Weight:	92 kg
Finish:	Pearl structure varnish (light grey, anthracite)

Connected loads:

Single-phase a.c.:	50/60 Hz
Voltage:	115/230V
Power consumption during continuous operation:	600 W/2160 kJ/h (depending on cycle speed and number of systems connected)
Stand by:	50 W
Noise level:	68 dB/A

Subject to alteration.
Release: 18.03.2009

Model 6790d
