

XT-1200 Paddlewheel (Batch Counting)

Overview

The fastest batch counting feeder/dropper in the marketplace! Designed for ultra-high-speed batch counting of card and envelope type products, the XT-1200 provides a universal solution for packaging operations requiring greater productivity through automation. The heavy-duty, robust design is perfect for lines that run 24/7. It can accommodate a wide variety of product types including coupons, greeting cards, advertising cards, envelopes, folded brochures, booklets, and more.

Feed a wide variety of flat and multi-thickness products into shrink wrappers, poly baggers, banders, collators, case packers, boxes, and more.

Standard Features

- HMI operator interface • Long-lasting natural gum rubber feed belt vacuum assist ready • Independent side guide adjust • System Interface I/O package • Patented powered separating technology • Tool-less setup and changeovers • Easy-adjust dropper • Self-adjusting discharge hold down • Variable speed control • Heavy-duty adjustable stand with casters • Batch counting up to 999 pieces • Timeout stop, high-performance photo-sensors
